BUNGA RAYA BAND

PENANG'S VERY OWN PERANAKAN / SHANGHAI THEMED
BAND. WITH MUSIC FROM THE YESTER-YEARS REIMAGINED.

BUNGA RAYA BAND

The Bunga Raya is Malaysia's national flower. It feels apt for a band with a Malaysian sound. Bunga Raya Band is a Peranakan themed outfit that delivers Folk, Shanghai & Nusantara sounds with a modern, engaging and fun twist. Clad in a kebaya, Joyce belts powerful, pitch-perfect vocals to the classic strums of Kelvyn's guitar.

Joyce and Kelvyn are individually accomplished as musicians with a long list of accolades and experience to their names. But together, they are a formidable duo, championing the celebration of culture and their heritage through their love of music.

"If you want a dynamic duo to entertain your guests, look no further! Joyce & Kelvyn can sing the phone book! I like that they jazz up and tone down songs and transform them into their own. Simon Cowell would press the Golden Buzzer if he heard them. The fact that they jam together often, means they give well and project the correct energy needed to entertain any crowd (big or small). You guys rock!"
